SUMMARY

An Enthusiastic Computer Science student specializing in AI/ML with strong skills in software development, algorithms, data structures and project management. Experienced in building predictive models and data-driven solutions with a focus on real-world impact and sustainability.

EXPERIENCE

Cyber Security Intern, The Red Users

Feb 2025 – Mar 2025, Remote

- Gained hands-on experience with industry-standard cybersecurity tools and techniques
- Improved practical skills in network security, threat detection, and vulnerability assessment

Data Analyst Intern, Excelerate x SLU

Jul 2025 – Aug 2025, Remote

- Transformed complex datasets into clear, insightful visual stories to support data-driven decisions
- Designed audience-focused dashboards following data visualization best practices.

EDUCATION

Bachelor of Technology (CSE in AI & ML)

VIT Bhopal University, Bhopal, Madhya Pradesh • 2026

CGPA: 7.81

12th

St Joseph's Indian Composite PU College, Bengaluru, Karnataka • 2022

Percentage: 79.33%

10th

MTB Jnana Jyothi Vidyanikethan, Bengaluru, Karnataka • 2020

Percentage: 79.00%

SKILLS

Programming Languages: Python, C++, HTML, CSS

Data Science & AI/ML: Machine Learning, Deep Learning, Computer Vision, NLP, Data Preprocessing

Tools: Agile, Scrum, NumPy, Pandas, Matplotlib, Google Earth Engine, GIS, ArcGIS, Remote Sensing, Windy

Languages: English, Tamil, Kannada, Hindi, Telugu, Malayalam

PROJECTS

Helmet and Number Plate Detection (ML)

- Built a real-time object detection system using YOLO models to detect helmets and number plates.
- Optimized model accuracy by 15% through dataset augmentation and hyperparameter tuning.

RAG Chatbot (LangChain + HuggingFace + FAISS) – [GitHub](#)

- Developed a Retrieval-Augmented Generation (RAG) chatbot for context-aware responses.
- Enhanced NLP and knowledge management capabilities by integrating FAISS vector stores.

AI Weather Forecasting (ML) – [GitHub](#)

- Built an AI-powered weather forecasting system using regression models.
- Achieved $\pm 2^{\circ}\text{C}$ prediction accuracy through data preprocessing and model tuning.

LEADERSHIPS AND EXTRACURRICULAR ACTIVITIES

Lead Volunteer – Industrial Conclave 2024, VIT Bhopal | Aug 2024

- Led event logistics and coordinated cross-functional teams, ensuring seamless execution.

Student Coordinator – Experiential Learning Program, VIT Bhopal | Sep 2024

- Managed event planning, technical coordination, and communication between students and faculty.

CERTIFICATIONS

- Machine Learning with Python – IBM Coursera (Jan 2024)
- Artificial Intelligence Primer – Infosys (Jun 2025)
- Google Project Management Professional Certificate – Google Coursera (Sep 2025)
